NATTANS' Crystal Discovery for the Hair. Arthur Nattans, Inventor and Proprietor, Washington, D. C. A perfectly clear preparation in one bottle, as easily applied as water, for restoring Gray Hair to its natural color and youthful appearance, to eradicate and prevent dandruff, to promote the growth of the Hair and stop its falling out. It is entirely harmless and gentle, and free from any poisonous substance, and will therefore take the place of all the dirty and unpleasant preparations now in use. Numerous testimonials have been sent us from many of our most prominent citizens. In everything in which the articles now in use are objectionable, Crystal Discovery is perfect. It is warranted to contain neither Sugar of Lead, Sulphur or Nitrate of Silver, it does not soil the clothes or scalp, is agreeably perfumed and makes one of the best dressings for the Hair in use. It restores the color of the Hair "more perfect and uniformly than any other preparation," and always does so in from three to ten days, without feeding the roots of the Hair with all the nourishing qualities necessary to its growth and healthy condition; it restores the decayed and induces a new growth of the Hair more positively than anything else. The application of this wonderful discovery also produces a pleasant and cooling effect on the scalp and gives the Hair a pleasing appearance.

We call special attention to the fact that a limited number of small trial bottles can be had by those wishing to try it. You will notice that in pursuing this course our aim is to convince by the actual merits of the article.
